Our Invitation

We most cordially invite everyone interested in good livestock to attend the Southwest Iowa Shorthorn Show and Sale of 1970.

The herd bulls are up to our usual high standards. A majority of these are of serviceable age and ready to use. There is much new breeding for the buyers of former years. Their blood lines are the most popular of the times. The bulls are the kind that will breed deep bodies and natural thickness on their calves.

The females represent the best blood lines and the most approved types always offered at Red Oak. They are and will be great beef cows that will safely contribute their half to the inheritance of superior beef calves.

We would like you to know the consignors. We urge you to study the pedigrees and footnotes in this catalog, all of which will confirm the rich breeding, the outstanding records and individual excellence of their offerings. We feel that you can end your search for the best in Shorthorns—right here. Southwest Iowa breeders possess some of the most outstanding herd bull sires in the state of Iowa.

You will enjoy being with us in Red Oak on Thursday, March 12. We will be happy to have you and will endeavor to make the day a pleasant, interesting and profitable one.

SOUTHWEST IOWA SHORTHORN BREEDERS' ASSOCIATION

ARTHUR H. WINDOM, Sec'y & Sale Mgr.

Standard Guarantee

Recommended by American Shorthorn Association

- A. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
- B. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
- C. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age, shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
- D. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of a freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
- E. In the event an animal is returned by the buyer to the seller as a non-breeder the buyer must furnish to the seller a veterinarian's certificate showing that his herd is healthy if such a certificate is required by the seller.
- F. All animals catalogued have been tested for T. B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by a Bangs Vaccination Certificate. Announcements will be made covering animals not clear from vaccination.
- G. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females showing names and record numbers of sire and dam, as well as service date.
- H. All prospective buyers should check health requirements of their states. Health certificates will be provided with each lot sold.
